

### Brief Overview of Changes

Changes from "D4(PM):03/02/01" draft 4 of Questionnaire to "D5:04/04/01" the Final Draft of the Questionnaire as revised by Covance CRU. Other than formatting changes, these items have been discussed with Bettie on the phone.

Change	Reason
General formatting	Consistency within entire document
Created introductory section	Immediately able to classify "Smoker" versus "Non-smoker"
A.1 and A.2 parallel with "In the past 12 months"	Consistency
Clarified which response lead to skipping Section 3.	Only those who haven't smoked manufactured cigarettes would automatically skip Section 3.

beta parotene
